The Division Superintendent of School

Dear Sir/Madam:

The undersigned thru our representative social workers most respectfully request permission to conduct to all the Elementary / High School regarding our project on "vegetable seeds" distribution for planting as a part of the students gardening activity. We also believe that this meaningful effort can be extended in their backyard for family and community.

In passing, we would like to impress upon you that the above named foundation was officially registered with the Security and Exchange Commission under Certificate No. 127119, as amended. With its satisfactory performance in assisting its client aged, it was awarded a License to Operate No. 021 as a private welfare agency. And in recognition of the foundation's effort in the rehabilitation of its indigent clients, a certificate of Accreditation No. 021 was awarded for having met the standard requirement for non-governmental organization.

It is therefore thru this medium of seeds distribution to the student population we find it humbly speaking, to get little proceeds for our active members especially for our indigent clients living in a depressed area like Sapang Palay.

Thank you for the kind courtesy and accommodation you will extend to our organization.
