Dear Sir/Madam,

Peace be with you.

We would like to ask a permission from you good office to allow us to conduct a short lecture and/or demonstration to your students of (Grade III to VI 1st yr. to 4th yr.), regarding the easy way of planting and growing of vegetables and to promote the importance of agriculture in mass production of food.

We are engaged in distribution, and marketing of quality vegetables seed at a very minimal cost. The proceeds of such sales will help us to sustain the objectives of the Foundation.

We will send our representative(s) to your school, as you may accept this proposal. Thank you.

Respectfully Yours,

Emab
Mr. Eufrecimo B. Barbo
Chairman
