MS. GERMELINA H. PASCUAL
School Division Superintendent
Department of Education
City Division of San Jose Del Monte
Bulacan

Dear **Superintendent Pascual** :

Greetings of Peace & Love!

Alaga Producers Cooperative – Plaridel, Bulacan is continuously exemplifying success and consistency in providing assistance to local farmers and animal raisers to fully enhance their skills and capacity in producing quality products and outstanding service. We are aimed to uphold the value of generosity to our chosen communities through livelihood programs, medical mission and alternative employment that will serve as their means of income to support their basic needs. Our cooperative is presently developing new trends to deliver success to its members and propose assistance to our chosen beneficiaries and at the same time signify the essence of solidarity and to unceasingly deliver the best aid that we could offer to our community.

Alaga Producers Cooperative’s Officers and Board of Directors has come up with its own farm helping and local farmers to produce there own agricultural products. Our cooperative has acquired a land area in the said province for corn farming and in return we would like to extend our reach to our hardworking farmers.

July 23, 2015

ADVISORY No 54 s 201 5

Pursuant to DepEd Order No. 30 s 2000 (DECS Order No. 23 s 2001) this ADVISORY is issued for the information of all concerned

GERMELINA H. PASCUAL

In line with this we would like to extend our request to your good office if you will consider our semi organic **SWEET CORN** to be catered and supplied to schools under your division. The cooperative also produced **ICE CANDY POP and SUGARCANE JUICE** that is all made to natural ingredients of locally produced fruits in the farm. This project also helps local farmers to have extra income most especially the female farmers.

We launch our own line of SWEET CORN, SUGARCANE JUICE AND ICE CANDY POP PRODUCT that is very much safe to the kids and all the people. Food and Drug Administration and Department of Health thru its license laboratory test our owned produced corn with its flavour and they certify that this is safe and with nutritional content.

The cooperative has a 125 hectare of lands that we acquire in San Antonio and Cabanatuan City, Province of Nueva Ecija. We hope that we can do business with you so that we can still continue our partnership project with our local farmers.

We would like to express our warmest gratitude in advance for any possible agreement with you. We are hoping for your kind understanding and consideration.

Respectfully Yours,

Dina Joson - Castro
Chairperson
Alaga Producers Cooperative

Panfilo M. Lacson
