METROBANK-MTAP-DEPED MATH CHALLENGE

Form:  
**MMC-D03**

## Mechanics of the Division Finals Oral Competition of the 2019 Metrobank-MTAP-DepEd Math Challenge

1. The competition shall be a written-oral competition. This entails reading of questions orally by the Quizmaster and contestants writing down their answers in the provided answer sheets.
2. Each team will receive stapled piece of paper as their answer sheets: 10 pieces for part 1 and 5 each parts 2 and 3. Before the start of the competition, the name of the school must be written on each sheet.
3. There shall be twenty (20) questions consisting of: ten (10) fifteen-second questions worth 2 points each for the **FIRST ROUND**, five (5) thirty-second questions worth 3 points each for the **SECOND ROUND** and five (5) one-minute questions worth 5 points each for the **THIRD ROUND**, for a total of sixty (60) points. The timing in each round begins when the Quizmaster gives the go-signal after the second reading of the question.
  - 3.1 The 15-second questions are to be solved mentally. There will be no writing of solutions anywhere, neither on the palms, answer sheets, etc. Team members will work together as one to discuss their answer to the question. They may discuss their solution after the first reading of the question, but this shall be done quietly. Proctors must ensure that there is no writing done anywhere.
  - 3.2 For the 30-second questions, contestants shall be provided with scratch papers where they can write their solutions. They may begin solving as soon as the Quizmaster begins reading the question.
  - 3.3 For the 1-minute questions, contestants shall be provided with the question in a sheet of paper when the Quizmaster starts reading the question. The contestants shall also be given scratch papers.
4. The Quizmaster shall read each question twice. The timing starts as soon as the Quizmaster gives the GO signal.
5. Contestants shall write their answers only the provided answer sheets. Proctors must immediately collect all answer sheets and give them to one of the judges who separate the correct answer from the wrong answers. The chair among the judges announces the teams that got the correct answer.
6. One of the judges will announce the teams with the correct answer. The scorers record the points obtained by each team for each correct answer.
7. Answers must be given, complete with units and to the required accuracy. However, if the unit is already given in the way the question is asked, it need not be given in the answer. For example:

A. A hectare of riceland yields an average of 75 cavans per harvest. At that rate, about how many cavans, to the nearest cavan, is the yield per harvest of a field 275m by 250m. The answer is 516 cavans. However, if the individual contestant/team writes only **516**, it is still correct because cavans is already in the question.

Another example:

B. A man travels 5 km north, 5 km west and then 7 km north. How far is he from the starting point? In this case an answer 13 will be considered incomplete because no unit is given in the question and therefore, will not be given credit. The complete answer is **13 km**.

8. Answers must be expressed in **simplest form**, eg.,  $4/6$  must be written as  $2/3$ .
9. The proctors shall collect all papers used by the contestants.
10. The contestants will be ranked according to the final scores and the top three will be declared as the Division Winners.
11. In case of a tie among any of the contestants vying for any of the places, one each of the 15-second, 30-second and 1-minute oral questions will be given to break the tie. After the third question, if the tie is broken, the contestant/s with the higher score gets/get the position. If not, "do-or-die" questions shall be administered.
12. In a "do-or-die" question, contestants may keep on solving for the right answer and give their answers to the Chairperson of the Board of Judges. They can continue solving for the right answer and giving as many answers to the Chairperson until he/she will announce that there is already a correct answer.
13. Medals and certificates of recognition shall be given to the top 3 winning schools, teams and coaches, while certificates of participation shall be given to the non-winning teams and coaches.
14. Only the official contestant/s may raise a complaint or clarification. They shall do so by raising their hands. A microphone is provided. The Chairperson shall recognize the "complaint" and discuss with the other Judges the answer to the complaint. In case of team competition, only one member of the Team shall present the complaint. Proctors must be alert that no student who wants to complain is overlooked by the Chairperson, who may not see a student's raised hand.
15. Complaints on a given question should be made immediately before the next question is asked. No complaint or question shall be entertained when the reading of the next question has started.
16. All decisions of the Board of Judges shall be final.
