Dear Ms. Pineda,

Greetings!

Libraries need more resources. Local businesses need the community's goodwill. These needs provide a mutually beneficial opportunity. In a time of growing library use and dwindling resources, libraries in schools, businesses can combine resources to give patrons access to the reliable information they needed.

One way libraries can provide rich resources is by subscribing to electronic databases that are as easy to use as Google, yet provide focused and reliable information. Used at the library or from patrons, homes, schools, these tools provide valuable information to individuals and students doing research and at a much lower cost than the print materials.

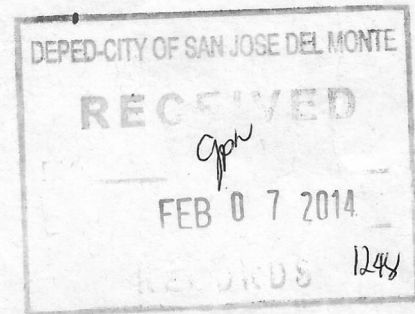

The Rotary Club of San Jose del Monte will host the ROTARY E-LIBRARY GRANT in coordination with District 3770 headed by District Governor Benigno Emilio Ramirez to be held at Sapang Palay National High School on February 19, 2014 at 9:00am to 11:00 am.

In relation therewith, we are requesting your good office to facilitate the information to all public elementary and high school in the City of San Jose del Monte for the effective implementation and access of the said project of the district.
