5. There shall be **20** questions: 10 fifteen-second questions worth (2) points each, 5 thirty second questions worth (3) points each and 5 one-minute questions worth (5) points each for a total of **60** points.
 - 5.1 The 15-second questions are to be answered mentally. There will be no writing anywhere, neither on paper, the table, etc. The team of two, will work together as one to discuss their answer to the question. They may start discussing their solution after the reading of the questions.

 - 5.3 For 1-minute questions, a copy of the questions will be provided for each team/individual. Scratch paper will be provided.
6. The **quizmaster** will read each question twice, after which he/she gives the **GO** signal. The timing starts when the quizmaster gives the **GO** signal.
7. Answer will be written on the official answer slips provided. As soon as the buzzer rings, everybody must stop writing.
8. Proctors will collect the answer slips and give them to the judges who assort them into two sets: those with correct answer and those with wrong answer.
9. One of the judges will announce the teams with the correct answer. The **scorers** record the points obtained by each team for each correct answer.
10. **Answers must be given complete with units and to the required accuracy.** However if the unit is already given in the way the question is asked, it need not be given in the answer.
11. The teams will be ranked according to their total score in the three parts to determine the winners.
12. **In case of a tie among any of the teams vying for the first three (3) places,** a set of 3 questions will be given to break the tie, one from each category of questions. If the tie is not broken after the three questions, "do or die" questions will be given.

- e. 7 to 10 photos of students while taking the Eliminations

2. Division Finals

- b. Names of schools, per grade level, that participated in the Division Finals
- c. Names of Schools, team members, and coaches who got the 1st, 2nd and 3rd places.
- d. 7 to 10 photos of the actual competition

* Send this information as soon as possible to the Regional Supervisor

B. To be submitted by the Regional Supervisor in an album/folder to MTAP

B.1. Regional Finals

- a. Sample program
- b. Names of schools, by grade/year, that participated in the Regional Competition
- c. Names of students, their Division, schools and coaches, who got first, second and third places in the Individual Competition
- d. 10 to 15 photos of the Regional Competition
- e. In case any school paper publishes an article on the Competition, submit a copy of the paper

Note: Digital photos in jpeg format may be submitted and e-mailed to MTAP at iccoronel_mtaphil@yahoo.com and furnish MBFI a copy at foundation@metrobank.com.ph

- A. For the Team Competition, each team will receive stapled piece of paper on which the team answer will be written. There will be as many pieces as there are questions for the section of the test: 10 pieces for Part I and 5 each parts II and III. Before the start, the name of the school or whatever means of identification has been decided by the Center is to be written on each sheet.

After the last questions for each section, the score of each team for the section is taken. At the end of Part III, the subscores are added to get the over-all team scores. The teams are ranked according to this score. Additional scores for breaking a tie are not included.

The top three teams will be declared the winners and be awarded medals. Certificates will be given to all participants, their coaches, the judges, and all those who helped. Special certificates will be given to the schools of the winning teams. For both elementary and secondary levels, the top team for Grade 6 and 4th year qualify to take part in the Regional Finals.

- B. Part I - The ten 15 - second Question in this section are to be solved mentally. There will be no writing anywhere, neither on paper, the table, their palms, etc.
1. The Quiz Master will read the problem twice. After the second reading, he/she says Go. The timing then begins.
 2. Any member of the team may write the answer. Each team may have only one answer, which may be a joint answer. Answer must be complete with units this is necessary. However, if the question includes the unit, it need not to be given.

Examples: a. A rectangle is 10 cm by 8 cm. What is the area? The answer for this, which is 80 cm^2 , must include the unit as it is not included in the question.

b. A rectangle is 10 cm by 8 cm. By how many square centimeters is it larger than the area of a square of the side 8 cm? The answer "16" need not include the unit. However, if it is included, the answer is also correct.

3. When the time ends, the TIME KEEPER gives the signal. All must stop writing.
4. Proctors immediately collect all answer sheets and gives them one of the judges who separates the correct answer from the wrong answers. The chair among the judges announces the teams that got the correct answer.
5. Each correct answer merits 2 points.
6. In case there is any question, it must be directed to the Chairperson of the board of judges before the next question. It may be raised only a contestant. The DECISION of the judges is final.

Part II - 30 Second Question: Each contestant will be given scratch paper on which to solve the problems. Solving on scratch paper may begin as soon as the quizmaster starts reading the problem.

1. The other rules for part I hold except that for writing.
2. Each question is for 30 seconds from the time the signal is given.

Part III - 1 minute Questions: In addition to the rules in Part II, each team will be provided with a strip of paper on which the problem is printed so that they can refer to it again. Each question is for 1 minute.

- C. TIES - In case of a tie among any of the teams vying for the first three places, a set of three (3) questions will be given to break the tie. If the tie is not broken, a "do-or-die" question will be given. In this type, any team who has an answer give it to the judges as soon as it is written. The other team should continue writing as the problem may be continued until an answer is obtained. The judges may decide to change it if they think no team may get the answer.

* These Guidelines give additional details to those given in the Mechanics of the Oral Competition.
